

KTK

KILL THE KREATOR

Clothing with an independent streak.

GRAPHIC T-SHIRT

I set the creative direction for KTK and designed graphics for hoodies, T-shirts, and beanies. The work spans small brand marks and larger statement graphics.

HOODIE / CHEST & SLEEVE GRAPHICS

The range brings together a skull-and-trident mark, surf imagery, and expressive lettering. These photographs show the graphics on the finished garments.

From graphic to garment.

Alongside the graphics, I selected garments and materials to support the look and feel of each piece.

BEANIE & HOODIE

Small mark. Consistent identity.

CHOOSING THE CANVAS

Garment and material selection were part of my design role, alongside apparel graphics and the overall creative direction.

The collection carries the same visual identity across headwear, hoodies, and tees, with different graphic scales and placements.
